

*Woodholme Gardens has become a second family to the Glass family. Melvin, husband and father, was warmly welcomed by the whole staff on March 1, 2011. Since that time, we have noticed a tremendous improvement i.e. a happy, smiling and comfortable Melvin! Due to the excellent food, stimulating programs, superior staff and new accommodations, we now have a thriving Dad. It was a great decision!*

The Glass Family

May 23, 2011

To the Wonderful Staff at Woodholme Gardens.

I just want to thank you for the stellar job you are doing with my Mom. Since she has made the Gardens her new home and family, her old energy and enthusiasm for life has returned. She engages with my siblings and I the way she used to. The meals have been so much healthier than what she was getting from her old community and the activities bring out the best in her. On top of this all, she is close to talking her sister and a friend into moving in. I think she is one of your better marketers but don't tell Sherille.

Thanks again and God bless.

E. B.
